

*FlexProfessionals and NOVA have partnered to offer:*

# R<sup>2</sup>: Retool & Return

*for **STEM professionals** looking to return after a career break or seeking to transition into high-demand tech fields.*

DC is the nation's leading employer in cyber security and home to the largest number of cloud-computing data centers in the world. Cloud computing and data analytics rank at the top of the region's most in-demand skills.

R<sup>2</sup> combines discounted NOVA Workforce tech training in cloud computing or data analytics with FlexProfessionals' job-search readiness training and support.

R <sup>2</sup> Program Package
